

CERTIFIED CHILD RESISTANT – *The New Standard*

SmartPoppTM

Prescription Lollipops For Professionally Compounded Lollipops

SmartPoppTM are an innovative prescription lollipop mold designed to enable pharmacists to compound and dispense lollipops in a quick, easy to use, child resistant system.

About **60,000** young children end up in emergency rooms each year (in the United States) because they got into medicines while an adult wasn't looking.
