

CERTIFIED CHILD RESISTANT – *The New Standard*

SmartScripps™

30 Cavity Troche Mold For Professionally Compounded Troches

SmartScripps™ is an innovative troche mold design that enables pharmacists to dispense troches in a child resistant, tamper evident, easy to use system.

About **60,000** young children end up in emergency rooms each year (in the United States) because they got into medicines while an adult wasn't looking.

www.cdc.gov/Features/MedicationStorage/index.html

Innovative Design

- Child resistant compliant
- Cavities flex for easy troche removal
- Tamper evident seals
- Semi-transparent trays

Easy to use, just squeeze the side tabs simultaneously while sliding the tray out to dispense. Slide the tray in fully to lock.

SmartScripps™ Features

- ✓ Child Resistant: 16 CFR 1700.20 & ISO 8317 compliant
- ✓ Tamper evident (seals included)
- ✓ Meets USP light transmission requirements
- ✓ BPA free and FDA compliant resin
- ✓ 30 count quarter-scored cavities
- ✓ 1g of Polyethylene Glycol 1450 per quarter-scored cavity
- ✓ Patented
- ✓ Recyclable
- ✓ For PEG & gelatin based troches

Easy to Compound

1. Fill tray cavity
2. Insert tray into sleeve until it locks
3. Apply tamper evident seal

Tamper evident design (seals included)
